Cloud Management for Azure

Delivered Business Benefits

New Signature's Cloud Management for Azure delivers a complete solution, providing you with one partner for all of your Azure needs. Our experts cater to all your Azure-related requirements by leveraging three core features that offer peace of mind and ensure your cloud investment will be optimized, managed and protected.

Comprehensive Support

No matter where you are in your journey with Azure, access to expert-level assistance is critical to a successful cloud transformation. New Signature is your resource for Azure assistance through incident support, spend analysis, education, and advisory services.

Financial Control & Governance

Gain control of your Azure usage with New Signature's intelligence hub, The Cloud Management Portal. The CMP, along with our advisory services, help you govern and maintain an optimized Azure environment.

Managed Billing

We handle the back-end coordination of your Azure billing, bundling it into one invoice for simplicity. You can purchase Azure directly through New Signature with no pre-paid, long-term commitments, providing you one partner for all your Azure purchase and support needs.

Cloud Management for Azure

Optimizing your Azure Environment

Microsoft Azure offers your business the best capabilities for cloud computing, but managing the environment requires expertise and strategic analysis. New Signature's Cloud Management for Azure can provide you with operational support and maintenance throughout your journey to Azure.

Our experts offer guidance and analysis around your cloud operations, financial governance, and provide support for your questions and concerns. Purchase Azure directly from New Signature without a long-term commitment and take advantage of our seamless service to optimize your cloud environment so you can focus on your business.

Streamline your Azure environment and operations with one expert partner for all your support, billing and governance needs.

Azure Care Package

As the key component of New Signature's Cloud Management for Azure, the Azure Care Package provides incident support for unexpected issues and managed escalation to Microsoft Premier Support. You also gain access to the New Signature subject matter experts for advisory and administrative services.

Cloud Management Portal

The New Signature Cloud Management Portal (CMP) is the intelligence hub for all New Signature Managed Services. The CMP translates complex transactional data into dashboards, enabling self-service monitoring and control by department, by project, or by cost center.

Azure Purchase

Optionally, purchase Azure directly from New Signature without a pre-paid long-term commitment and take advantage of our bundled services and end-to-end customer support. The ability to purchase Azure provides one seamless partner for all your needs.

Cloud Solutions Provider

New Signature is proud to be a Microsoft Cloud Solution Provider. Purchasing Azure directly from New Signature includes Azure subscription support as well as exclusive access to New Signature's Cloud Management Portal.
